Lënapei Èlixsuwakàn Keyboard Layout

Notes

- To type the grave accent ` use the **Slash key /** before typing the vowel. *à* is typed **Slash** then **a**.

- The *ë* letter has its own key. It has been placed on the **semicolon ;**

- All changed keys can type their original value by holding down the **Right-Alt** or **Option key**. The *Semicolon ;* is typed **Right-Alt+Semicolon** (Windows) **Option+Semicolon** (Mac).

- Opening and closing quotes. For Mac users, Right-Alt is either of the Option Keys.
