Kaá^{n}ze Íe Layout

Notes

- Accents are typed before the base character.
- The nasal raised ^{n} is on the **Semicolon key ;**.
- The acute accent ´ is on the **Slash key /**. *Á* is typed **Slash** then **A**.
- The grave accent ` is on the **Grave key** `. *À* is typed **Grave** then **A**.
- For those that wish to use the *č* and *ɣ* characters, these have been mapped to the bracket keys.
- All changed keys can type their original value by holding down the **Right-Alt** or **Option key**. The *Semicolon ;* is typed **Right-Alt+Semicolon** (Windows) **Option+Semicolon** (Mac).
- Opening and closing quotes. For Mac users, Right-Alt is either of the Option Keys.
    - single: ' Shift+Grave — ' Apostrophe
    - double: " Backslash — " Shift+Backslash
    - single ‹ Right-Alt+Shift+9 — › Right-Alt+Shift+0
    - double « Right-Alt+9 — » Right-Alt+0
